About Me

Full stack software engineer from Perth, WA. Love playing tennis and beach volleyball.

Education

Undergrad	UWA Bachelor of Science in Engineering Science and Computer Science	WAM GPA	86.0 6.91	2019 - 2021
Postgrad	UWA Master of Professional Engineering (Software Specialisation)	WAM GPA	85.9 7.00	2022 - 2024

Achieved the top mark in *Software Testing and Quality Assurance* and *Mobile and Wireless Computing*.

Experience

Aurora Offshore Engineering (AOE) March 2024 - Present

- Completed a paid, published [master's thesis](#) on Distributed Acoustic Sensing at AOE as part of the [Co-operative Education for Enterprise Development \(CEED\)](#) program.
- Built and deployed a web app for subsea engineering using React.js, Django, PostgreSQL and Celery and deployed on Azure at [auroracat.app](#).
- Built a desktop application for engineering analysis with cloud capabilities using Kotlin Multiplatform and Azure, used in-house and by external clients, assisted by two interns.

ICRAR Studentship Nov 2023 - Feb 2024

- Joined the [Commensal Real-time ASKAP Fast Transients \(CRAFT\) Survey](#) team researching Fast Radio Bursts (FRBs).
- Conducted a statistical analysis of FRB burst profiles and their host galaxy data using Python, contributing to [multiple papers](#).

Coders for Causes Jun 2023 - Jul 2023

- Part of the volunteer team building a website for the Community Spirit Foundation.

UWA Lab Demonstrator Feb 2022 - Oct 2024

- Computer Networks
- Computational Thinking in Python
- Graphics and Animation
- Systems Programming
- Secure Coding
- Three commendations for excellence in teaching
